

# WORLD YOUTH INTERNATIONAL

A not for profit and non-religious charitable organisation

*We are committed to:*

*creating innovative and exciting opportunities for people to live life passionately and contribute to the global community, enhancing quality of life, strengthening communities and reducing poverty through sustainable development projects.*

Dear Brian,

On behalf of World **Youth International and the Victorian Step Out** committee, I would like to thank yourself, Joe, Trent and all of the friendly staff at The Caulfield Park Sports Club for your generous support of our trivia night 'One Night in Africa'. We really appreciated the personable manner in which you all operated, the countless assistance in the lead-up to the event, but also the extremely hard work you and the other gentlemen put in on the evening.

As you probably witnessed, the trivia night itself was an overwhelming success, raising over \$6500 and receiving great feedback from all involved. As you may also recall, all of the funds raised will be channelled directly into the construction of a Rescue Centre for abandoned babies in the Odede village, Western Kenya. A group of Australian volunteers will be travelling to Kenya to work on the centre this month and we will be sure to keep you updated on their progress.

Successes on nights like this are just not possible without the generosity of people like yourselves. If you would like further information on the outcomes of the Odede project or about World Youth International please don't hesitate to contact me at any time. I have attached a few photos to remind you of the great energy present on the night. More photos can be found on our website: [www.worldyouth.org.au](http://www.worldyouth.org.au) and your company logo is in the process of being added to the site also.

Once again thank you from the bottom of our hearts for helping us achieve our goal: Supporting the children of Kenya to build a future free from poverty.

**“Be unique. Stand out. Make a Difference. Who you are and what you give matters to the world.”**

– Anonymous

Warm regards,

Adam Whitefield
